Health Liaison Worker

CASS The Carers Association is dedicated to ensuring that all Carers feel they are supported when providing care for a family member or friend. You are not alone in your role as a Carer; CASS can advise and support you through your journey.

Our **Health Liaison Worker** is working in GP Surgeries and Hospitals in South Staffordshire to offer:

Emotional Support -

The opportunity to talk through challenges sometimes faced in your caring role.

Advice -

Guidance with navigating your way around the care system and care needs at your own pace.

Information -

Linking you into other support services and groups to aid you in your Carers journey.
